

CARRY HANDLE TAPE-SP 105

Product Description

The adhesive tape SP 105 consists of a high shear backing tape with printable integrated paper insert upon request. The aggressive glue technical features make the SP 105 the perfect solution for carry handles that carry heavy packages up to 12 KG

Technical Characteristics

Description	Test Method	Unit	Results AL
Peel Adhesion on stainless steel (180 °)	Afera 5001	N/25mm	3.5
Peel Adhesion on plastic (180 °)	Afera 5001	N/25mm	2.2
Shear Test on stainless steel (23 °C)	Afera 5012	minutes	> 1616
Loop Tack, Stainless Steel plate	FTM 9	N/25mm	4.8
Breaking strength	Afera 5004	N/25mm	357.2
Elongation	Afera 5004	%	30.1
Basis Weight		GSM	66.5

Storage Ideal Conditions

Temperature : 12 ° C a 41 ° C
Humidity : 40% a 90% HR

Ideal storage to be in a controlled room atmosphere
